Tax (7%)			\$46.13
Total due			\$705.13

Payment methods: Credit/Debit Card, Cash, Check

Notes

Example prices for a brake job. Not a shop rate and not an average ticket.

Vehicle on the repair order: 2018 Honda Civic. VIN EXAMPLEVIN0000001 (made-up). Mileage in 86,420, out 86,422.

Parts and labor are split. Pads and rotors are marked new. If you install used or rebuilt parts, say that on the line. Several states have their own auto-repair invoice rules. Check your state's rules before you treat this sample as complete.

Customer authorization for the brake work is noted as already on file. Replace that sentence with how your shop actually records approval.

Example tax is 7% of the whole invoice, because this generator has one tax rate. If your state taxes parts and not labor, check your state's rules and adjust.

Shop license #: put it in your business details. Amount due when the car is picked up.

Made as a free sample by PaidPilot (paidpilot.io). Replace the example figures before you send it.
