Notes

Example prices for one wedding reception. Not a package you can buy from this page.

Coverage is 5 hours at The Lantern Room on November 21, 2026. Ceremony sound is a separate 45 minutes so it is not quietly absorbed into the reception block.

Uplighting is 10 fixtures at an example \$22. If the venue already has lights, delete the line.

The \$400 deposit held the date. This invoice is the rest. The download uses a due date of November 14, 2026, a week before the event. The generator sets the due date 7 days from today so the sample is not already late. Change it.

Playing recorded music in public can involve venue licenses. This invoice does not sell those licenses and does not claim you are covered. Check the rules that apply at the room you are playing.

Made as a free sample by PaidPilot (paidpilot.io). Replace the example figures before you send it.
